Basecamp creates smart and exciting living spaces for dreamers, thinkers and go-getters. Our projects breathe new life into neighbourhoods, spice up the social scene with events and create a strong sense of community and belonging. Located near city centres in vibrant neighbourhoods, Basecamp residences are designed to transform the guest experience.

From the many communal spaces and facilities to the rich social calendar curated by our in-house teams, Basecamp offers much more than a bed and a desk. It's an invitation to explore, discover, and grow.
